

ALBRECHT GOLF GUIDE

EDITION 2021/22

Attract new visitors to your golf club – completely free of charge

It's very simple:

Just fill in this form!

The new edition of the Albrecht Golf Guide is coming soon. You have a unique opportunity to reach its readers and to attract them to your golf club. There are thousands of German golfers who travel abroad to discover new golf courses. Give them a good reason to choose yours and let them know that they are truly welcome in your club.

How it works:

All you have to do is to select a special offer for our readers. For example „2 green fees for the price of 1“ or „30% green fee discount“.

We will then insert perforated coupons with your offer at the end of the Albrecht Golf Guide 2021/22.

Readers can extract the coupons from the book and redeem them when they arrive at your golf club. The Golf Guide itself or the integrated Albrecht Golf Card serves as legitimation.

There has never been a better opportunity to reach the German speaking golfers. Take this chance and attract them to your golf club.

Participation is completely free of charge!

Terms and conditions of the discount coupons

1. The coupons are valid through June 30, 2022.
2. The readers/visitors have to reserve their tee times in advance, stating their intention to use the coupons.
3. Coupons cannot be combined with other discounts. Green fee discounts only apply to the full green fee applicable at the time of the redemption.
4. If there are groups of players with higher green fee rates, a discount on these fees is not possible.
5. The coupons alone do not entitle their holders to play against green fees. The fulfillment of the regulations of the respective golf club (membership in a golf club, minimum handicap etc.) at the time of the redemption are prerequisite.
6. Any other restrictions stated in the form overleaf will be printed on the coupons.
7. It is forbidden to hand over green fee coupons to third parties against payment or to trade them with them. In particular, the participating golf clubs are in this case entitled to refuse the redemption of the coupons.
